

Activity:
Sock Matching

Age 3-5 yrs

Sock Matching

Age 3-5 yrs

Indoors

Activity

Collect as many clean socks as you can find from around your home. Place them all inside a basket.

Explain to your child that they need to find two socks that are the same. Start by holding up one sock and encouraging your child to find a match. Continue this until all the socks have been matched together.

Have Fun!

This will help your child

This activity supports the development of your child's mathematic skills.

Key words to use

Match, pair, same, sort, colour, texture, pattern.

Resources

Socks, basket.

Questions to ask

- > What is the same about the socks?
- > Do you think that is a match?
- > How do you know this?
